

OPERATION AT EASE

Dec; 2014

As of October 26, the end of our 2014 season and our SEVENTH year in existence, Operation At Ease (OAE) has hosted more than 350 military families for a weekend of well-deserved relaxation. What a fantastic milestone for all of St. James to be proud of!

Our guest list over the years included husbands and wives with no children; husbands and wives with one to five children; a single mother with one child; a single mother with four children, and wives that came with their children while their soldier husbands were deployed. The children's ages ranged from newborns to teenagers. In several families both husband and wife were active duty military. There was even a couple that got married on the beach during their visit. Our soldier guests included enlisted and officers, both male and female. The majority of the soldiers had served numerous tours in both Iraq and Afghanistan.

If you are new to St. James or a long-time resident with a heart for expressing your gratitude to the military families that sacrifice so much to ensure our continuing freedom, the OAE board of directors cordially invite you to our annual Meet

and Greet. Please mark your calendars. The 2015 event will take place Wednesday, January 14 from 6 to 8 p.m. at the St. James Community Center. Plan to join us for an evening of fellowship while meeting the members of the board, greeting fellow volunteers, celebrating our 2014 accomplishments, and learning more about OAE and how you might help.

THANK YOU, ST. JAMES, from everyone who participates in this worthwhile program.

OAE is a 501(c)(3) nonprofit corporation registered in the State of North Carolina. For additional information or to volunteer, please visit our website at www.oaeamerica.org, or call Penny Chesnut at 253-0710.

Cape Fear Cancer Specialists NHRMC Physician Group

Experts on the front lines of treating cancer, Cape Fear Cancer Specialists–NHRMC Physician Group has been recognized for delivering the highest quality patient care by the **QOPI Certification Program, an affiliate of the American Society of Clinical Oncology.**

This commitment to excellence is the cornerstone of everything we do—from diagnosis through treatment—which leads to the accolades we treasure most: the ones from our patients and their families.

What's more, our collaboration with New Hanover Regional Medical Center's Zimmer Cancer Center provides even greater coordination of care and access to technology, expertise and clinical trials.
